6 Dear Sir/ Madam,

7
8 Ref: Comment on objections for the 2023-2024 New South
9 Wales Federal Redistribution

10 Whilst sympathetic to many of the objections to the
11 proposed 2023-2024 New South Wales Federal Redistribution,
12 I am of the view that in keeping with the general
13 requirement to balance the size of Federal Electorates, the
14 current proposal has been arrived at in a considered way
15 using sensible geographic and local council boundaries.

16 Yours faithfully

Peter Birrell
