Submission to AEC re boundaries of Mackellar

As a resident of and voter in Mackellar, I wish to endorse the logicity and wisdom of bringing the suburbs of Dee Why, Forestville and Frenchs Forest wholly within Mackellar instead of being split, plus adding Killarney Heights and North Curl Curl. These boundaries recognise the community and culture of the northern beaches and it is far more magical to do this, moving the boundary south, not west, which then includes suburbs without the same relationship to the Northern Beaches geographic and cultural area.

Yours faithfully

Ian MacDonald
