My feedback for Objection 686

Please find for consideration, my feedback to objection 686.

On p. 10 under the Mackellar header, it states “...*The communities of interest within the St Ives, Mona Vale and Frenchs Forest localities are retained.*”

I disagree with the comment that St Ives is included as part of a community of interest with Mona Vale and Frenchs Forest. St Ives is part of the Upper North Shore, and Mona Vale and Frenchs Forest are part of the Northern Beaches. The North Shore and the Northern Beaches are different and separate communities with different councils, different sporting competitions, different school catchments, different shopping and business precincts and largely unrelated transport networks.
