RE: NSW Redistribution – in particular North Sydney

My name is John Whiteing.

I strongly support Kylea Tink MP's objection letter against the abolishment of North Sydney electorate (objection #686).

I also support objection #618 as North Sydney's civic and democratic participation has been outstanding and should be celebrated instead of chopped in 3.

Furthermore, I believe some 300 more objection letters are hidden in the following objection numbers: 561-567 and 727: one even wrongly labelled Hunters Hill as it contains mainly Lane Cove signees. Each single objection within those should be counted as one separate independent objection and not consolidated into one objection.

Kind regards,

John
